Dear Parent,

Beginning on Thursday, December 19, 2019, the sixth grade class will begin a unit on Rights, Respect, Responsibility (R, R, and R). I have attached a pink sheet listing topics we will be covering. I also included what will be taught at other grade levels. Our classes will cover a nine week period of time since we only meet once a week. These classes will take the place of our sixth grade science textbook classes from 10:40 AM to 11:55 AM.

I highly recommend your student participate in Rights, Respect, Responsibility. These lessons are meant to foster conversation with the parent after each lesson. If you would like to look at the materials or videos we will be using in class, please contact me at lpatterson@sandi.net.

In order for your student to participate, I will need a parent signature at the bottom of this letter. Students that will not be participating in (R, R, and R) can plan to either go to the Maker Space or work in the library / computer lab during this time.

Since we only meet for an hour and fifteen minutes each week, during the weeks of (R, R, and R), all students should continue to work in their science textbooks, and do experiments and tests at home as listed on the science pacing chart.

If you can’t come to the Parent Preview time listed below, just let me know a better time/date that works for you.

Sincerely,
Linda Patterson

Parent Preview:
Thursday, November 21
12:30 PM to 1:30
Room 10

I give my permission for my student to participate in ALL lessons of Rights, Respect, Responsibility instruction,
